

## Cell Biology Haiku Competition

What is a haiku? The haiku originated in Japan and is a verse (poem) written in three lines. The haiku does not rhyme. Instead, the haiku sets a mood or portrays a feeling or scenery.

The entire haiku is composed in 17 syllables. The first line contains five syllables, the second line has seven syllables, and the third and final line has five syllables. 5-7-5.

Example of a Haiku:

*Little chloroplast  
Holding a piece of sunlight  
Sweet exhalation*  
- Cindy Valencia

Another Example of a Haiku:

*Encrypted secrets  
in nucleotide spirals -  
the genetic code*  
- Nicole Garbarini

Please create an organelle Haiku of your own - *write and display neatly--include a picture*
